

MRS. C. BENNETT, OF SHAUGHNESSY, KILLED WHEN EDGAR GREENWOODS TRUCK PLUNGES FROM ROAD DOWN HILL. WEST OF LETHBRIDGE BREWERY—DRIVER EXORCISED BY CORONERS JURY

While leaving the city on the Macleod road on Wednesday evening of last week, the Ford truck of Edgar Greenwood of Shaughnessy, driven by the owner and carrying Mrs. C. Bennett, also of Shaughnessy, as passenger, left the grade about 200 feet west of the Lethbridge Brewery, turning over in the coupe below. Both occupants were injured, being

Why you should buy a Majestic RADIO

A NEW Majestic Electric Radio actually costs you less to own and operate than many sets being offered at special bargain prices. First, because while you may buy some radio sets for less, the depreciation, service, performance and trade-in value wipe out this mythical saving and more before a season has passed.

Most people now buy radios on time, so the purchase of a Majestic means but a few dollars more outlay, and a few more monthly payments. At the end of that time the value of the Majestic as a "trade-in" is definite and sure. There is always a demand for used Majestics, whereas the loss you will take on nameless "stencils" or "specials" or cheap radios built to a price makes your original purchase an expensive one. Majestic is the largest manufacturer of complete radio receiving sets in the world. It is fathered in Canada by the Rogers-Majestic Corporation Limited—the largest radio manufacturers in the British Empire. Were it not for this tremendous output Majestic prices would be 100% to 25% higher, if the same quality were maintained. Due to this enormous production Majestic prices are as low as most radios of much cheaper construction. Thus, every Majestic is really a bargain—extraordinary value for your money.

The 1931 Majestic Model with Super-Screen Grid and Super-Colon Dynamic Speaker are now on display at our store. Come in, see them, and find out about our liberal terms . . . today.

MACLEOD LADIES ORGANIZE CURLING CLUB FOR 1930-31

When the ladies of Macleod make up their minds to undertake anything, they don't do it by half measures, but go at it wholeheartedly, with the determination to make whatever they undertake a success. This was amply exemplified on Tuesday evening, by the enthusiastic gathering of ladies, who met in the Town Hall, to discuss the question of organizing a ladies curling club for Macleod. There were about 30 ladies present and there was absolutely no question in the minds of everyone present, of the advisability of forming a club, that was practically settled by the promoters, and they were unanimously supported by the voice and vote of all present at the meeting, and by the prompt and business-like manner in which they went about the matter of organizing and electing their officers and committees.

Mrs. J. Swinerton was called upon to preside, and in opening explained in a practical manner the objects of the club. After deciding to form the club, the first business was the election of officers and committees, the following being elected: President, Mrs. C. Murdoch; 1st Vice Pres., Mrs. R. Hamilton; 2nd Vice Pres., Mrs. A. W. Bawden; Sec.-Treas., Mrs. R. Laycock; Bonspiel committee, Mrs. V. Ray Baker, Mrs. W. R. Haggart, Mrs. C. Murdoch, Mrs. F. Nevill, Mrs. L. D. Huntley; Ice Committee, Miss M. McLean; Mrs. A. Wall, Mrs. Huntley. Success is assured the club with such an energetic staff of officers.

TENDERS

Tenders will be received for the purchase of old Curling Rink. Terms cash.

Greenwood Absolved of Any Blame by Coroners Jury

After a careful consideration of the facts of the fatality on the corner west of the city on Wednesday evening, culminating in the death of Mrs. Emma Bennett of Shaughnessy, a coroner's jury consisting of J. Mulvihill, A. F. McGillis, Fred Lovgrove, Bert Moore and Geo. H. Sweet brought in the following verdict in the following: "We the jurors come to the conclusion that Emma Bennett came to her death at the Galt hospital as the result of an accident on the Macleod trail beyond the Brewery crossing while driving with one Mr. E.

removed immediately to the Galt hospital, where Mrs. Bennett passed away at 7.30, one hour and a half after admission, to the hospital.

Clare Bennett, farmer near Shaughnessy, was noted as the serious condition of his wife and was present at the bedside when she died. The condition of Greenwood is favorable, no bones being broken and it is expected that he will be discharged from the hospital on Thursday.

Decayed, who was 46 years of age, was in a hysterical condition when admitted to the hospital. Her pulse was very weak and she did not rally in the least. Dr. A. McNally, who attended both patients, ascribed death to internal injuries. No bones were broken. Mrs. Bennett formerly resided at Magrath, moving to the Lethbridge Northern several years ago with her husband and family. They are old timers in the south country and are well known.

THE PREVALENT FEATURE OF THE MEETING, THE FACT THAT MACLEOD NOW POSSESSES WHAT IS CLAIMED TO BE THE FINEST CURLING AND SKATING RINK IN SOUTHERN ALBERTA HAS CREATED A DOUBTLESSLY INTEREST IN THE TOWN IN ALL THE ICE GAMES.

Four splendid rinks will now be available for the curlers, with every convenience and comfort for the players. For many years the curling club have only had two rinks, and these were far from the best and ice was hard to keep in shape in the old building.

The ladies of Macleod are also enthusiastic and are forming a ladies' club, which, from all accounts, will play an important part among the ladies' clubs in the south.

The meeting on Thursday was presided over by the president, T. B. Armstrong, and most of the members of the season of 1929-30 were present. The secretary, R. J. E. Gardner, and the treasurer, Arthur Young, the financial statements and Mr. Young showed a balance on hand at the end of the season of \$256.65 which is the largest surplus shown for many years.

Many Swinerton and several other members were present, and the Mayor reported to the meeting the terms which the town council had decided on for the curling club. A motion was unanimously adopted, accepting the terms proposed, which were considered very satisfactory.

The election of officers resulted as follows:—W. H. Shields, M.L.A., Malby Stewart, Macleod, A. B. McDonald, Calgary.

President—H. C. Winter. Vice Presidents—R. D. McArthur, J. O. Stewart, W. G. Andrews.

Treasurer—Arthur Young. Secretary—R. J. E. Gardner. Ice Committee—Geo. E. Stewart, A. W. Bawden, James Young.

Bonspiel Committee—J. O. Stewart, W. G. Andrews, C. E. Tweed.

Membership Committee—Dr. Kennedy, T. B. Armstrong, W. A. Day.

Draw Committee—James Young, R. D. McArthur and Secretary Gardner.

The fees were set the same as last year, viz.: \$10.00 and \$5.00 for high school students and junior bank clerks, also \$5.00 for the ladies.

Many Swinerton announced that the Council had appointed Ernie Ringland as the ice man for the rink. The appointment gave great satisfaction to the curlers, as Mr. Ringland is one of the best ice men in the south.

Another meeting will shortly be held to select skips and make up the teams. It is hoped there will be at least 20 rinks playing this year.

JOHN BARRYMORE, WORLD'S GREATEST ACTOR IN "MOBY DICK"
THE CLASSIC OF WHALING DAYS—TUESDAY, FRIDAY AND SATURDAY

"Moby Dick," the Warner Bros. and Vitaphone epic of whaling days, which comes to Empress Theatre, offers John Barrymore in one of the world's most dramatic stories against a magnificent background of ocean storms and adventure. The pursuit of "Moby Dick," the white whale, terror of the seas, is the story of a captain, whose brother tries to take his life to secure for himself the girl they both love.

John Bennett plays opposite the star and Lloyd Hughes. Nigro de Brulley, the latest exploit of Mr. O'Brien, Nobel Johnson, Virginia Sale and the host of others are in the cast. Lloyd Bacon directed.

William Powell in "The Benson Murder Case" Vice Lance Lethbridge in "Hunting Crime Hunt"—Monday and Tuesday

Who killed Anthony Benson? Baffling, intriguing, highly suspenseful, the latest exploit of Philo Vance, S. S. Van Dine's suave, sophisticated sleuth.

"The Benson Murder Case" holds audiences spellbound at its opening performance. William Powell and Virginia Sale are the stars. "The Benson Murder Case" and "The Green Murder Case" and "The Benson Murder Case" is the most thrilling of the series.

Graphic pictorial, as Sergeant Heath, again blunders his way through a maze of misleading clues, while E. H. Closes, the district attorney for the third time, frantically seeks a solution in the midst of the Philo Vance furnishes the solution in the solving of the case. The most highly entertaining piece of entertainment that has been seen here in some time. Paul Lukas is also in the cast.

Those who have read S. S. Van Dine's best-seller novel may guess the solution before Vance defies anyone else to outguess him, and rightly so.

Men Without Women—Absorbing—Thrill-Laden Melodrama—Wednesday and Thursday

With most of its stirring action laid aboard a "pig boat," as the Navy disrespectfully terms a submarine, "Men Without Women," is both one of the most unusual and interesting pictures ever produced.

This Fox Movietone film "Men Without Women" is a submarine vessel is sent to the bottom deep, with its survivors trapped in their steel prison many feet below the surface. The manner in which the danger brings out the hidden qualities of each man, and the incidental solving of one of the World War's unexplained mysteries, forms the striking climax, and provides an intensely absorbing narrative.

Revolution Spreads

Rio de Janeiro, Oct. 24.—(A.P.)—The administration fell before a revolution which, beginning Friday, October 3, just three weeks ago, spread rapidly over the entire republic until but three of the former eastern seaboard states of Rio de Janeiro, Sao Paulo and Bahia, remained loyal to the government.

President Washington Luis, whose full name was Dr. Washington Luis Pereira De Sousa, assumed office November 15, 1926, and was to have served until November 15 of this year when he would be succeeded by President-Elect Julio Prestes who recently completed a visit to the United States.

Fourth Overthrow

Fall of the Brazilian government marks the fourth overthrow of a de jure administration by revolution in South America since the first of the year.

The governments of Bolivia, Peru and the Argentine have fallen before revolutions. Some unrest is reported also in Cuba, Chile, and to some extent in Mexico, but the governments of those countries remained in control.

S. O'NEIL GIVEN \$12 MONTHS FOR SHOP-BREAKING—JURY DISAGREES IN INDIAN CASE

Six months in the Lethbridge Jail sentence handed out by Mr. Justice Frank Ford in the Supreme Court, Macleod, on Friday morning to S. O'Neil, who was found guilty by the jury on Thursday night of shopbreaking at Parkland on August 18.

The last jury case on the docket was then taken up, Rex First Charger. The offense for which this Indian was charged was, "Without the consent of the owner fraudulently keeping an estray horse."

The jury selected were: C. Hart, Fletcher C. P. E. Hood, Clarendon; W. B. Rogers, Grangin; F. Winter, Creeks. Quite a number of witnesses were examined for both the prosecution and the defense. The jury returned a verdict of guilty and the Lordship addressed and charged the jury, who retired to consider their verdict at 12:15, after deliberating for an hour and twenty minutes, they failed to agree on a verdict. The Lordship thanked and dismissed the jury, and announced that the case would be continued to the next sitting of the Supreme Court, which will be held on Monday, November 2nd.

While the jury were out on the case, the last case on the docket was taken up, Rex First Charger. The offense for which this Indian was charged was, "Without the consent of the owner fraudulently keeping an estray horse."

FEWER BABIES—BUT BETTER ONES

Certain sections of the West recently showed abnormally low birth rates, and the moralists are, as usual, discovering something more to shudder about. They are all for bigger families, on the imbecile principle that the more people there are in the world the better it will be.

To learn about human growth, read Herbert Spencer's "Essay on the Principles of Population." Spencer found that, where human life is extended by scientific means, smaller families usually follow.

In good climates, where intelligent people take advantage of every means for prolonging life, the birth rate generally is low. In poor climates, or where working conditions kill off a large percentage of the population at an early age, the birth rate climbs.

The West's low birth rate is a good sign.

While we produce fewer babies, we save more of them than any other part of the world. And those we save live longer and are healthier in manhood and womanhood.

Human progress does not depend on the QUANTITY of new human beings produced every year; it depends on the QUALITY of those ushered into the world.

OUT WHERE THE HOME-OWNERS LIVE

A survey of home-owning in

Canada brings out forcibly the lead of the West.

In many Western cities, the percentage of home-owners rises to 40 and 45. In the east it ranges down to 15.

There is no question but that stable, continuous prosperity rests largely on home-owning. A city with a high percentage of owners is more likely to come through hard times with flying colors than one in which few homes are owned.

Home-owners are loyal to their city—and that loyalty is likely, in a pinch, to mean the difference between progress and stagnation.

GRANDMA

A grandmother, standing blithely on the threshold of 60 years, has taken first prize for having the best pair of ankles among the summer visitors to Penobscot Bay, Me. A sparkling new vista of grandmotherly existence thus invites.

Who remembers way back when grandmother, with a pair of spectacles and a ball of yarn, was wont to sit upon her dignity in a corner of the domestic hearth? Who remembers when we used to look upon grandma as a sort of sacred thing to her face—though there were things about the creaky old girl that were just a little bit funny, too?

All these new wrinkles—grandma trading her ball of yarn for a dance program, and the like—dislike every helpful sign, very. There is no longer any need for whatever hypocritical reverence we once accorded her grey hairs. There is no longer any need of pitying her because she must sit on the sidelines and has no part in the race. No need of any further pampering of her, if she please, who is getting around quite nicely by herself, thank you!

Grandmother used to work hard. There was a day when grandma was glad to retire to the chimney corner; she was just "too blasted played out" to carry the burdens further. Modern household devices have helped in this evolution of the venerable lady. She isn't tired at all any more. She craves action. Let's go, grandma! Slip on your glad

rags and let's have a party. Grandma is dead; long live grandma!

THIS PERILOUS WORLD

In Indiana a gentleman is driving along a country road when a motorist hits the motor of his car, demolishing it. Luckily, the driver escapes.

The earth is bombarded every year by millions of meteors, yet no star ever does one hit anybody. Most of them are burned up by the terrific friction of their passage through the air.

To a man on Mars, surveying us through a giant telescope, life on earth must seem precarious. Meteor showers rain on us; windstorms sweep seas and land; earthquakes jar large sections; volcanoes spout death; bitter cold and roasting heat afflict great areas; floods ravage valley dwellers.

Yet these things take surprisingly small toll, everything considered. We have learned how to dodge some of them; how to lessen the destructive force of others.

But still, at the end of each day, the average human has reason to thank his luck he's still alive.

TOLERATION TOWARDS THE WHEAT POOL PRESIDENT OF THE CANADIAN CHAMBER OF COMMERCE SAYS FARMERS' HEARTS ARE WITH THEIR POOL ORGANIZATION

Hon. Lt.-Col. J. H. Woods, of Calgary, retiring president of the Canadian Chamber of Commerce, in the course of an address delivered at Toronto, made the following statement:

"I do not hesitate to speak to you about the pool system of marketing. I have no brief for the pool, nor any excuse or explanation to offer for any errors that it may or may not have made. Concerning these, I am not sufficiently expert to be a judge, but it is my firm conviction that the wheat pool is the greatest stabilizer of the morale of the farmers of the West that exists today.

"To it in great measure these farmers have pinned their confidence, and their pride as masters of their own commercial destiny and, in my belief, the destruction of that confidence, the lowering of that pride, the psychological results that would inevitably follow upon an abandonment or even a partial abandonment of that system that they themselves have created, would be an injury almost beyond calculation.

"My information from home is that the membership of the wheat pool has never been more loyal to it than today, in these conditions of strain. Bootlegging of wheat there has been, and is, and will be, but none today more than in the days of high prices and easy markets. Mistakes have doubtless been made. Whoever heard of so vast an enterprise being created and conducted without mistakes?

"Pardon these references to what might be considered a controversial subject, but my appeal is psychological rather than material. We are too apt to criticize one another to the extent of condemnation for errors that are no greater than we commit ourselves. And therefore I urge that we extend in greater measure charity of thought and tolerance of judgment to one another in all branches of our commercial and financial lives, and look forward to the future that lies before us rather than turn our faces to the troubles that lie behind."

TAG DAYS AND CAMPAIGNS

The public have and will always be asked to support campaigns either by subscription or tag days. All of these are worthy in the extreme and of necessity in our public life. There is one, however, which overshadows all these in our national life.

Armistice Day will soon be upon us, which is a day imprinted in the mind of all, not as being one of "National" importance but of "World Wide" importance. The extent to which this day when it occurred was lauded by people of every nationality cannot be measured, and the relief to the bent up suffering of relatives anxiously concerned about the welfare of their own, will never be forgotten.

We owe to Canada's 60,000 men who gave their lives, a solemn tribute as Canadians, and we should all bring this to attention once each year. November 11th is the day for this observance when the young nation of Canada will display its remembrance by wearing a Poppy.

Every Canadian or citizen in this glorious land of ours is asked to wear the Poppy which is emblematic of this tribute.

The Canadian Government is employing our disabled men to make these poppies in order to provide a means of employment

for them, and the time they spend occupies their attention and helps relieve their suffering for a little while. Each Poppy bears the Vetera stamp.

The Legion throughout Canada, under the leadership of General Sir Arthur Currie, C.M.G., R.C.B., is appealing to all citizens to remember the day.

Is there a citizen who will refrain from paying this respect to our dead soldiers? Her Excellency, Lady Willingdon, is Patroness in Chief for all Canada. Other countries are observing this day in this manner, let Canadians be Canadians by showing they will not take second place to any country in the world in this observance.

The Mayor of every town in Alberta where no Branch of the Legion exists has been made aware of this Campaign with a request to form a Central Committee to operate.

Any towns who require Poppies for this occasion can get them from the Department by getting in touch with the Provincial Secretary of the Canadian Legion in Calgary.

PERHAPS

"On the first night the gallery-lites go to see the celebrities in the stalls, and the stalls go to see each other," says a critic.

There is probably some reason or other for the presence of the actors, as well—Montreal Star.

A Two-Sided Story

Following is a letter that appeared in a Western newspaper, written by one of its readers. There is information in it for storekeepers: "Your paper is always boosting that home-town buying is the right thing; for everybody bought away we would not have a town very long. In your editorial a week or two ago you said there would be less buying from catalogues if every merchant would advertise, because it is advertising that keeps the catalogue men going. Well, I believe that's right too, but one thing I would like to see all the local merchants do, and there are more who think the same, and that is for them to print the prices as much as they can in their advertising. And I also think that if the prices are going up they should say so and tell why, if they know. These times we all have to bite our nicksles, or most of us, and we certainly don't like the idea of prices going up on staples particularly, and not a word about it till you reach the store. I am not an advertising expert, but I know what I would like to see in my local paper along that line and that is a lot of genuine information about goods and prices every week. Then we should feel better and if we were being fairly treated there would be less sending away. I hear this talked about a lot, so thought I would write you."

Jack Cocklin returned home Monday from Airdrie.

Mr. and Mrs. J. B. Allison were Calgary visitors over the week-end.

Mrs. W. C. Sherman and Mrs. M. Byers were Clareholm visitors Saturday.

Born-To Mr. and Mrs. W. Blake, on Wednesday, Oct. 29th—a daughter.

Mrs. Robertson, of Lethbridge, is visiting at the home of her daughter, Mrs. F. Empey.

Mr. and Mrs. J. Russell, accompanied by Mrs. Russell (mother of J. Russell) and Mrs. MacDermott, of Pierce, motored to Lethbridge Monday.

The Presbyterian Ladies' Aid of Juniper Valley Church held a Tea and Sale of Work at Reynolds' Hall last Saturday, and report a well-attended event.

The Presbyterian Ladies Aid wishes to announce that their Annual Bazaar will be held at Reynolds' Hall on Saturday, Dec. 6th. Keep this date in mind.

Mrs. Wallin entertained a number of her friends on Wednesday evening, in cards and music, after which a delightful lunch was served by the hostess.

At the United Church next Sunday evening the minister will preach on "The Person of Christ." There will be a Children's Story, and the choir will lead in song.

At Starland Theatre Friday and Saturday this week Hoot Gibson in "Trigger Tricks." A Western story with Gibson at his best. All talking. Also all talking comedy. Usual admission.

The Catholic Ladies' Aid are holding their Pantry Sale and Afternoon Tea in Reynolds' Hall on Saturday, Nov. 1st. Come and enjoy a cup of tea. There will also be a Sale of Apples.

Just to remind you that the Lutheran Ladies' Aid are holding their annual Sale of Home Cooking and Bazaar at Reynolds' Hall on Saturday, Nov. 8th. Bring your friends and enjoy a good cup of coffee with them.

The girls of the Granum C. G. I. T. held a pretty Halloween party in their Club Room at the United Church Hall on Tuesday of this week. Those present had such a good time in bringing a friend, and the large gathering of girls spent a happy evening.

The Young Peoples' Society on Monday evening of this week enjoyed a hike to Willow Creek, and a big bonfire with wieners roast, hot coffee, and programme of songs, dramatics and ghost stories, cleverly arranged by Misses Calder and Rogers.

The Juniper Valley Presbyterian Ladies' Aid held a most successful Bazaar in Reynolds' Hall on Saturday, Nov. 25th. The tables were filled with delicious pastries, and the sum of \$126.30 was realized. Miss Louisa Muley was winner of the lovely bedspread Mrs. J. Macintosh won the cushion.

Your correspondent is informed that Earl Marsh, star centre of last year's Granum hockey team, is to line up this year with "The Fliers," High River's entry in the Alberta Senior Hockey Association. From our knowledge of Earl's accomplishments on the playing surfaces, and his ability in "flying" on the steel blades we are inclined to think High River will be strengthened by this acquisition.

A number of young people met at the home of Mr. and Mrs. F. J. Sandgathe on Friday evening, October 24th, for the purpose of forming a club. After discussion as to the aims and purposes of the club, it was decided it would be just a gathering of the young people for social activities, and the following officers were elected: M. Reynolds, President; T. Barry, Vice-President; Miss W. Sandgathe, Secretary; C. Marsh, Treasurer. The Entertainment Committee is led by: Conventor W. Harrison; Assistants, Miss E. Boyle, Miss H. Jell and L. Sher-

man. The Lunch Committee is headed by Miss W. Sandgathe, Convenor, Miss W. Sandgathe, Assistants, Miss J. Rogers, Mrs. E. Reynolds and O. Gidman. The committees are in charge for three meetings, at the end of that time two members from each committee retire and two new ones are elected. The club is known as the "Young Timers Club." Anyone living in Granum or Granum district is eligible to join if sixteen years of age. The fee is 75c to join. Meetings to be held in Reynolds' Hall every two weeks on Friday evenings. All eligible young people are cordially invited to attend the next meeting, which will be held on Friday, Nov. 7th at eight o'clock. The entertainment committee will arrange the social part, and business will be attended to during the supper period. The meeting concluded with cards and dancing. First prize at Court Whist going to Miss L. Marsh and M. Reynolds.

The Parade That
Never Ends

DAY after day they pass before you in review—these advertised products which fill the pages of your paper. And, as they pass you, single out one here—compare it with this—mark that one for future reference—here's something you've been waiting for—there's something to try for breakfast tomorrow—

Think of the wealth of information before you every day! What's new in cereals? What's the mode in printed dress goods? What's the latest wrinkle in kitchen appliances? The answers to these and hundreds of other questions are at your fingertips—just for turning the pages.

How much it means to be able to make up your mind before you start out to buy! How many steps and minutes you're saved. How well you're able to budget your expenditures—apportion your money before you begin.

You no longer need to parade from shop to shop—counter to counter—looking—looking—looking. Today you read the advertisements and let the things you want and need march before your eyes for comparison and selection.

Read the advertisements weekly. Keep in step with the progressive parade of merchandise on the printed page. It pays!

ing to Miss L. Marsh and M. Reynolds.

A large number of friends gathered on Friday last in the afternoon at the home of Mr. and Mrs. S. Marlette to "show" their daughter, Miss Ella, who is to be married shortly to Mr. S. Marlette. Gifts and good wishes were presented in abundance, and a very happy afternoon was passed in social ways.

The Adult Study Club, which has for its aim the understanding of our modern life, and the injecting of Christian motives into our living, held a fine supper meeting in the United Church at supper time Wednesday evening, with Mr. Cook of Nanton, as speaker and leader of discussion. The men served the supper.

Miss McKay, of the Dominion Chataqua, was in Granum last Friday, and met in the evening of that day a number of the men and women who are guarantors of the Chataqua for 1930. In Granum, the Chataqua Chataqua takes place in three weeks' time, and G. R. Torrence is handling the ticket sale for this year.

A series of meetings illustrated with lantern slides are being held in Juniper Valley School house each night at 8 p.m. except Saturday till Nov. 7th. Subject for Sunday night at 7:30, "A Cripple's Family." Speaker, Charles O. Bowen, Vancouver. Announcement of Special Meeting in Reynolds' Hall, Granum at Thanksgiving will be made in next issue of The Times.

A very aggressive effort is being put forth to place a suitable "finish" on the Blue Trail contiguous to Granum—a fleet of big trucks and a trainload of gravel being the "raw material" in the work. A big truck with grader is also engaged in leveling, and in cutting down the soil-drift bank at certain points along the road. The finished road is very pleasing. Quite a good-sized camp is in evidence on the "Northern front" of this town, being the temporary quarters of the workmen.

The Granum Elks, No. 109, will give a social evening and dance in the Granum Opera House on Thursday, Nov. 6th. Cards at 8:30 sharp. Comedy sketch, followed by dancing. Admission 50c.

Leaks in the Larder

Amount to Big Sums

There are many women who pride themselves on never using any eggs but the very best and who would be quite horrified at the idea of buying cold-storage eggs, yet they actually use many eggs of quality which has become "rancid" one by one. Proper refrigeration facilities, constantly assuring a safe temperature of below 50 degrees, would keep these eggs up to high standards, as well as preserve other food-stuffs in wholesome condition.

Then, too, foodstuffs not properly preserved may look good or taste good, but at the same time they may be contaminated. Bacteria in food increase at a tremendous rate in a short period of time. Health authorities in all sections are attempting to prove that the importance of proper refrigeration facilities, because they realize better than others that the packing of food which has not been properly preserved has taken its toll of the tens of thousands.

BY EDWINA NOLAN
Director of Home Service, General Electric Refrigeration Department

It has been estimated by various authorities that the average American family wastes approximately 15 per cent of the food purchased. This is due largely to lack of proper facilities for food preservation.

Even the most efficient housekeeper would be surprised at some of her own extravagances if she were shown in figures the dollar and cents she wastes.

The plot of meat that turns sour, the butter that gets an "off" taste and has to be used for cooking-fat, the quantities that become over-ripe, the last two or three eggs that start at Grade A and end in a dubious grade, the imported cheese that sweats and grows mouldy, the leftover soup that begins to smell foul—these and other small larder leaks go to make up the 15 per cent squander. And food costs too much these days for any family to be able to afford waste.
